Town of Sullivan

Fall/Winter 2026/2027

A Message from the Town Supervisor,

As summer begins to wind down and we look ahead to the beautiful fall season, I'd like to take a moment to share some of the exciting things happening throughout our community.

We are grateful to the Village for their Tuesday Concerts in the Park, they have once again been a tremendous success.

Also, our Monday Night Concerts at Chapman Park have been a fantastic addition to our summer! It's been wonderful to see neighbors, families, and friends gathering each week to enjoy great music and spend time together. Thank you to everyone who attended, as well as our Parks & Recreation Department, volunteers, sponsors, and performers who helped make this summer another memorable one.

I would like to extend a sincere thank you to Terry Manning and his crew for their hard work, dedication, and organization in making these concerts such a wonderful community tradition.

Looking ahead, we have an important milestone approaching the Bridgeport Sewer Project. In the coming weeks, residents within the sewer district will have the opportunity to vote on this significant project. This proposal represents years of planning and the pursuit of grant funding to improve infrastructure, protect our environment, and support the future of our community

Growth continues throughout the Town, with new housing developments making steady progress. We're excited to see continued activity at North Ridge, Harbor Lights and Harbour Town, bringing new homes and opportunities while strengthening our community.

As always, thank you for your continued support and involvement in our community. Working together, we are building a stronger Town of Sullivan, and I look forward to all we will accomplish in the months ahead.

Have a safe and enjoyable fall!
Supervisor Tom Daviau

Fall/Winter Fire/Medical Safety Newsletter

Every household must have a fire and carbon monoxide detector. A carbon monoxide detector should be located on each level of your home. A smoke detector should be located in each bedroom and all living areas but not recommended in the kitchen. All basements should have a smoke and carbon monoxide detector.

Electric space heaters 1500 watts are not safe to use on the electrical wiring. 500, 750 or 1000 watts is much safer to use. If the outlet gets hot, refrain from using any of the above heaters.

Wood burning fireplaces should be cleaned regularly. Pay attention to all clearances. If in doubt, call for a free fire inspection.

House numbers are very important so the emergency personnel can find you especially in the event of a medical emergency when every second counts. Please post your number on the front of your house—5" to 6" minimum size recommended. If you have any questions about fire/medical safety, feel free to call one of the numbers below.

Have a plan where everyone can meet in the event of a house fire. Example, front of house or at either side so the fire chief can find you.

Fire inspector—Bill Pindle 315-633-9333

Bridgeport Fire Chief—Jim Ostrowski 315-633-9048
